

# OCEAN FREIGHT SOLUTION FOR BESS FCL LOGISTICS

HEAVY & DANGEROUS CARGO TRANSPORTATION FROM CHINA TO  
EUROPE, US, & AUSTRALIA FOR A MAJOR BATTERY MANUFACTURER

## CUSTOMER CHALLENGES

**Situation**  
A China-based battery manufacturer secured a deal to supply **over 200 ESS battery containers**

**Requirements**  
Regulatory DG\* compliance in logistics and route optimization for **36 tons 20-ft containers**

Experience in **import clearance and delivery coordination in Europe, US & Australia**

**Agility** to adapt to changing delivery location (logistics center vs plant)

## DHL SOLUTION

**Compliant Solution**  
Regulatory adherence for door-to-door transport, **temperature control** at 23°C

**Requirement fulfilled**  
**Efficient setup** and replicable processes for successful go-live

**Flexibility in delivery location** changes, close coordination with client and consignees

Adequate **equipment free-time**, detention & demurrage monitoring

## CUSTOMER BENEFITS

**Partnership** in a joint pitch to the end-customer

**Compliance** to validate documentation against regulations

Management of shipments compliant with **customs regulations** and requirements in the countries involved

**Flexible logistics network** that can accommodate changes in delivery location

\*Dangerous Goods: Lithium ion and lithium polymer batteries are classified as Dangerous Goods by the International Air Transport Association (IATA)
