

# DHL eCommerce – DHL Parcel NL fossil free solution

Dedicated fossil-free last mile delivery using 1,400 electric vehicles & HVO

## Customer Challenge

- Transparency on last mile delivery (what can we promise to the recipient?)
- Fast and tangible reduction of CO<sub>2</sub>e (DHL is scope 3 of carbon emissions for the customer)

## DHL Solution

- Operating fossil free last mile delivery and where possible carbon free with green electricity
  - 2500 e-vehicles
  - HVO100 fueled vans
  - Nationwide coverage
  - Includes our Service Partners

## Benefits and Impact

- No geographical differences
- Applicable to all customers delivering to consumers
- Reduction of 25-30% of total CO<sub>2</sub>e emissions
- Frontrunner in sustainable deliveries
- Transparency to consumers/receivers
