

saloodo!
realtime logistics

Your Digital Freight Platform
Powered by DHL

MEA Road Freight Challenges

Inefficient Processes

Fragmented Market which doesn't always meet shippers' requirements

Lack of transparency in reporting systems

Majority of forwarders do not offer online tools for tracking and quote request

No set time to find loads for carriers nor to find carriers for shippers

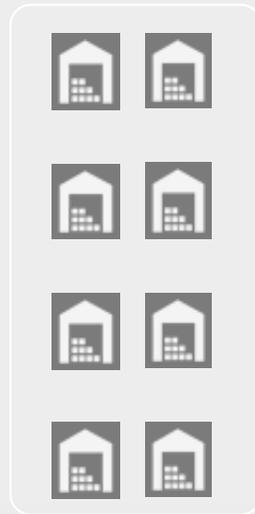

Most road freight service providers operate traditionally

Undetermined price difference between lowest & highest offer

Saloodo! Your Digital Freight Platform
