

DHL for Shopify Installation Guide

1. Login to your Shopify account
2. Apps > Visit Shopify App Store > Search in the taskbar for DHL or use our [link](#)

The screenshot shows the Shopify App Store interface. At the top, there's a navigation bar with 'SUPPORT', 'HELP CENTER', 'FORUMS', 'THEMES', 'APPS', 'EXPERTS', and a 'FREE TRIAL' button. Below this is the 'App Store' header with the text 'Powerful new features, services and plugins for your Shopify store' and a user profile 'Dhl Ecommerce (log out)'. A search bar and filter options (Category: All, Price: All, Sort by: Popular, Collections) are visible. The main content area shows the 'DHL' app by 'Vilango GmbH' with 8 reviews. A green 'Get' button is prominent. Below the app name, there are three bullet points: 'Easy integration of DHL delivery services in your shop frontend', 'Increase exposure and reach of your webshop', and 'Satisfied and returning customers'. To the right, there's a 'Price' section showing 'Free' and a 'Requirements' section listing 'Google Maps API Key' (FREE) and 'DHL Paket Account' (FREE).

3. Get > Install App
4. Once successfully downloaded, you'll be taken to the configuration screen for the app.

The screenshot shows the Shopify Admin interface for the DHL app configuration. The left sidebar contains navigation options: Home, Orders, Products, Customers, Analytics, Discounts, Apps, SALES CHANNELS (Online Store), and Settings. The main content area is titled 'DHL' and has a 'Help' dropdown. It lists three configuration options: 'Location search' (Not available in your country), 'DHL Shipping from Germany and Austria (Paket)' (Not available in your country), and 'DHL Shipping from other countries (eCommerce) - synced' (which is currently turned on). A link to 'Click here' is provided for help with configuration.

Configuration instructions can be found in the accompanying documentation.
