DHL EXPRESS DOMESTIC SERVICES (UNITED STATES)

Designed for your time-sensitive delivery needs, our Express Domestic Service ensures that your urgent documents and packages will reach their U.S. destinations by the end of the next possible business day.

Our industry-leading transit times are quoted in days and determined using variables that include current DHL operational capabilities and your shipment profile (contents, weight, dimensions, etc.). Transit times are estimates and are not guaranteed. No credit refunds will be issued for any shipments delivered past their estimated delivery date.

In most cases, you can expect next-day delivery, although transit times can be longer, depending on the destination and origin time zone.

DHL Express Domestic Service at a glance

Packages	EXPRESS DOMESTIC
Delivery attempts	2
Maximum piece weight (not on pallet)	150 lbs.
Maximum shipment weight	2200 lbs.
Maximum piece dimensions (L x W x H)†	63 x 48 x 63 in.

† Individual pieces weighing more than 150 lb must be either packed in a fork-movable crate or securely loaded on to a pallet, and stackable. All shipments and pieces must meet DHL packing standards: refer to the Packing Guides on mydhl.express.dhl/us. A shipment is deemed unacceptable if its packaging is absent or inadequate, or if transporting the shipment would present risks of damaging equipment, other packages or injuring personnel. DHL reserves the right to either not accept or return the shipment to the shipper. These network restrictions are subject to change with 30 days' notice.

OPTIONAL SERVICES

[View charges](#)

DHL Express gives you a range of optional services and the flexibility to choose those that best fit your needs.

Adult Signature

At customer's request, DHL will obtain a delivery signature from an adult at the stipulated address. If, for local legislative reasons, proof of the receiver's age needs to be verified, DHL may need to request presentation of a valid government-issued personal identification document.

Direct Signature

Upon customer's request, DHL will obtain signature from the receiver or a representative at the delivery address. In case no one is at the delivery address, DHL will reattempt delivery. DSR shipments cannot be re-routed, dropped in a post box or left with the neighbor. The receiver is authorized to arrange an alternative delivery time at the same delivery address or to collect the shipment from a DHL owned service point.

Non-Standard Pickup

A charge will apply for customers who call their pickup requests in to Customer Service or request them via the web or shipping system. This charge will not apply if the shipment is dropped off at a DHL Express ServicePoint.

Residential Address

Customers shipping to a home or private residence can activate specific delivery options by designating the delivery address as residential. For such shipments, DHL Express will proactively notify the receiver via email or SMS about the shipment's progress. Receivers can then select the most suitable delivery option through the On Demand Delivery website.

Shipment Value Protection

Upon the shipper's request, as indicated on the waybill, DHL will provide value protection coverage. Charges will vary based on origin of shipment and total of coverage requested (minimum charges apply). Shipper requests for Shipment Value Protection over \$500,000 per shipment must be pre-approved by DHL. DHL is willing to consider these requests, but is under no obligation to approve them.

SURCHARGES

[View charges](#)

To avoid network disruptions so that we can consistently provide world-class service, DHL Express will apply a surcharge in exceptional situations, including those that require certain additional services or activities.

Address Correction

A surcharge is applied per shipment when the destination address provided by the shipper is incomplete, outdated or incorrect and DHL is subsequently unable to deliver the shipment. DHL searches and determines the correct address to complete the delivery.

Demand Surcharge

One or more Demand Surcharges will apply to shipments during a period of high demand. A period of high demand is to be determined by DHL at its own discretion, but may include a time of high demand for shipping services or a period with high operational cost. Details regarding the application of Demand Surcharges are set forth at mydhl.express.dhl and will be subject to change upon prior notice. Demand Surcharges apply cumulatively if a shipment and/or individual pieces meet more than one of the specified criteria. Demand Surcharges apply in addition to the rates and any other applicable charges.

Fuel Surcharge

Applicable to both domestic and international shipments, this variable surcharge is applied to the weight charge of each shipment and any transportation-related surcharges. It is derived from publicly available fuel indices, which are also displayed here: mydhl.express.dhl/us/en/ship/surcharges.html#/fuel_surcharge.

The monthly fuel surcharges will be based on the daily average spot prices for US Gulf Coast (USGC) kerosene-type jet fuel, as reported by the U.S. Department of Energy between 3rd week release of prior month to 3rd week release of actual month. For example, the daily average price for fuel from 20th of November to 17th of December is used to determine the applicable surcharge in January.

Non-Conveyable Piece

This Surcharge applies to any shipment piece that meets one or more of the following criteria: Has an actual weight between 56 lbs and 150 lbs for exports and 25 kg and 70 kg for imports. Is not fully enclosed in an outer shipping container. Is packaged in materials other than corrugated cardboard, such as metal, wood, leather, hard or soft plastic, or expanded polystyrene foam. Is wrapped in shrink wrap or stretch wrap. Has a round or cylindrical shape, such as buckets, cans, drums, tires, or barrels. Includes wheels, handles, or straps. Has the potential to become entangled with or cause damage to other packages or the handling systems. The surcharge does not apply to pieces already subject to the Overweight or Oversize Piece surcharge.

Non-Stackable Pallet

A fixed surcharge is applied to every pallet in a shipment that cannot be stacked, either on request of the shipper or by nature of the shape, content or packaging of the goods on the pallet. The charge does not apply to pallets below 25 kg. May apply in addition to Non-Conveyable, Overweight or Oversize Piece Surcharge.

Oversize Piece

A fixed surcharge is applied to every piece, including a pallet, if its longest side exceeds 40 inches or its second longest side exceeds 32 inches for shipments originating in the U.S. and U.S. Territories

(100 cm longest side / 80 cm second longest side for shipments originating outside of the U.S. and U.S. Territories). Does not apply to pieces already subject to Overweight Piece surcharge

Overweight Piece

A fixed surcharge is applied to every piece, including a pallet, that exceeds a scale or volumetric weight of 150 lbs.

Remote Area

This surcharge applies when a shipment is delivered to a location that is distant or difficult to serve. The Remote Area surcharge applies to international and domestic shipments.

The DHL Optional Services and Surcharge listings are available at mydhl.express.dhl/us/en/ship/delivery-services.html and will be updated or supplemented from time to time. Service and Surcharges will be billed in accordance with the DHL list of Optional Services & Surcharges in effect at the time the shipment is tendered. DHL Optional Services & Surcharges are in addition to applicable transportation charges.

HOW TO SHIP WITH DHL EXPRESS

[Services](#)[How to Ship
with DHL Express](#)[Zones and Rates](#)[Shipping Tools](#)[Terms and Conditions](#)[Preparing Your Shipment](#)[Packaging Your Shipment](#)

PREPARING YOUR U.S. DOMESTIC SHIPMENT: AS EASY AS 1-2-3

1 Visit your local DHL Express ServicePoint
[Click here](#) to find the DHL Express ServicePoint location nearest you.

2 Shipment weight
Please weigh and measure your shipment. If you are sending a large but lightweight shipment, with a volumetric (dimensional) weight that exceeds its actual weight, the cost of the shipment is calculated based on the space your consignment takes up on the aircraft. This is a standard IATA method. To calculate the volumetric weight of your shipment, simply multiply the length by height by width in inches, then divide the total sum by 139 for each piece in the shipment. Any piece in the shipment may be re-weighed and/or re-measured by DHL to confirm this calculation.

3 Documentation required: waybill
All shipments sent with DHL Express need to have a fully completed DHL waybill or label securely attached to each piece. This will enable the successful movement of your shipment through the DHL network. Each waybill or label is individually numbered, enabling you to track your shipment from collection through to delivery.

PACKAGING YOUR SHIPMENT

To ensure that your shipments travel safely and securely through the DHL Express network, it is important that they are packaged and labeled correctly.

Packaging Guidelines

- If you are re-using envelopes or boxes, please ensure that old labels and markings are removed
- Securely affix the waybill to the shipment. The waybill can be thought of as the shipment's airline ticket, and delivery will be delayed if it becomes separated from your shipment
- The barcodes on the waybill are scanned at numerous points during your shipment's journey. Please ensure the barcode is flat and not covered by tape, shrinkwrap or strapping
- Place the waybill on the top or side of your shipment and please ensure it does not overlap the corners or edges of boxes
- Use adequate protective wrapping for fragile or delicate items and ensure they are packed as far away as possible from the corners of boxes
- To prevent injury to our employees, please pay special attention to the packaging of sharp items. There should not be any possibility of the contents piercing the packaging
- Any individual pieces over 150 lbs. should be placed on a pallet. If you are sending a multi-piece shipment, it is not necessary to place the individual pieces on a pallet unless they exceed 150 lbs. For example, a shipment comprising four 50-lb. pieces does not have to be placed on a pallet

DHL Packaging

We offer a range of high-quality DHL-branded packaging items, suitable for shipping items of all shapes and sizes.

The items available include:

- Flyer bags
- Cardboard document envelopes
- Boxes in a range of sizes

For more information, please visit your local DHL Express ServicePoint or refer to the Packing Guide available at mydhl.express.dhl/us.

Prohibited and Restricted Commodities

It is the shipper's responsibility to comply with current government regulations or applicable laws. Please refer to mydhl.express.dhl/us for Prohibited and Restricted Commodities for the United States.

DHL cannot accept Dangerous Goods shipments at DHL Express ServicePoint counters.

Determine the DHL Destination Rate Zone

U.S. Express Domestic Rate Zones are based on weight (greater of actual or volumetric) and distance (mileage between postal codes). Please go to [MyDHL+](#) or visit your local DHL Express ServicePoint for a rate estimate, which is determined based on your shipment's weight and mileage between the shipment's origin and destination zip codes.

DHL EXPRESS U.S. DOMESTIC TERMS AND CONDITIONS OF CARRIAGE ("U.S. Domestic Terms and Conditions")

Important Notice

When ordering DHL's services you, as "Shipper", are agreeing, on your behalf and on behalf of the consignee of the Shipment ("Consignee") and anyone else with an interest in the Shipment that these Terms and Conditions shall apply.

"Shipment" means all documents or parcels that travel under one waybill and which may be carried by any means DHL chooses, including air, road or any other carrier. A "waybill" shall include any Shipment identifier or document produced by DHL or Shipper automated systems such as a label, barcode, waybill or consignment note as well as any electronic version thereof. Every Shipment is transported on a limited liability basis as provided herein. If Shipper requires greater protection, then Shipment Value Protection may be arranged at an additional cost. (Please see below for further information). "DHL" means any member of the DHL Express Network.

1. Unacceptable Shipments

A Shipment is deemed unacceptable if:

- it contains complete firearms, ammunition, explosives, explosive devices or test pieces, air guns, replica or imitation firearms; counterfeit goods; cash; bullion (of any precious metal); live animals, prohibited animal parts or remains, such as ivory; human remains or ashes; loose precious or semi-precious stones; cannabis or its derivatives; or illegal goods, such as narcotics or other illegal drugs,
- it is classified as hazardous material, dangerous goods, prohibited or restricted articles by IATA (International Air Transport Association), ICAO (International Civil Aviation Organization), ADR (European Road Transport Regulation on dangerous goods) or other relevant organization ("Dangerous Goods"),
- it contains any other item which DHL decides cannot be carried safely or legally,
- its address is incorrect or not properly marked or its packaging is defective or inadequate to ensure safe transportation with ordinary care in handling.

2. Deliveries and Undeliverables

Shipments cannot be delivered to PO boxes or postal codes. Shipments are delivered to the Consignee's address given by Shipper but not necessarily to the named Consignee personally. Shipments to addresses with a central receiving area will be delivered to that area.

DHL may notify Consignee of an upcoming delivery or a missed delivery. Consignee may be offered alternative delivery options such as delivery on another day, no signature required, redirection or collection at a DHL Service Point.

If the Shipment is deemed to be unacceptable as described in Section 1, Consignee cannot be reasonably identified or located, or Consignee refuses delivery or to pay other Shipment charges, DHL shall use reasonable efforts to return the Shipment to Shipper. This shall be at Shipper's cost. If it is not possible to return the Shipment, it may be released, abandoned, disposed of or sold without incurring any liability whatsoever to Shipper or anyone else. DHL shall have the right to destroy any Shipment if DHL is prevented by any law or law enforcement agency from returning it in whole or in part to Shipper, as well as any Shipment of Dangerous Goods.

U.S. DOMESTIC TERMS & CONDITIONS OF CARRIAGE *(continued)*

3. Inspection

DHL has the right to open and inspect a Shipment without notice for safety, security or other regulatory reasons.

4. Shipment Charges and Fees

DHL's Shipment charges are calculated according to the higher of actual or volumetric weight per piece and any piece may be re-weighed and re-measured by DHL to confirm this calculation.

Payment of other charges due as indicated on DHL's website in the receiving location may be requested from Consignee prior to delivery. Shipper shall pay or reimburse DHL for all charges due for services provided by DHL or incurred by DHL on Shipper's or Consignee's behalf if Consignee has failed to pay.

5. DHL's Liability

5.1. DHL's liability in respect of any one Shipment shall be limited to the lesser of (a) \$100.00, or (b) the actual value of the Shipment. The "actual value" of a Shipment means the cost of replacing or reconstructing the Shipment and does not include any commercial utility or special value to the Shipper or any other person.

If Shipper regards these limits as insufficient it must make a special declaration of value and request Shipment Value Protection as described in Section 7 or make its own insurance arrangements.

DHL's liability is strictly limited to direct loss and damage to a Shipment only and to the limits in this Section 5. All other types of loss or damage are excluded (including but not limited to lost profits, income, interest, future business), whether such loss or damage is special or indirect, and even if the risk of such loss or damage was brought to DHL's attention.

5.2. DHL will make every reasonable effort to deliver the Shipment according to DHL's regular delivery schedules, but these schedules are not binding and do not form part of the contract. DHL is not liable for any damages or loss caused by delay.

6. Claims

All claims must be submitted in writing to DHL within thirty (30) days from the date that DHL accepted the Shipment, failing which DHL shall have no liability whatsoever. Claims are limited to one claim per Shipment, settlement of which will be full and final settlement for all loss or damage in connection therewith.

7. Shipment Value Protection

DHL may be able to arrange shipment protection for loss of or damage to the Shipment, covering the full value of the goods, provided that the Shipper so instructs DHL in writing, including by completing the Shipment Value Protection section on the waybill or by using DHL's automated systems and pays the applicable charge. Shipment Value Protection does not cover indirect loss or damage, or loss or damage caused by delays.

8. Circumstances Beyond DHL's Control

DHL is not liable for any loss or damage arising out of circumstances beyond DHL's control. These include but are not limited to electrical or magnetic damage to, or erasure of, electronic or photographic images, data or recordings; any defect or characteristic related to the nature of the Shipment, even if known to DHL; any act or omission by a person not employed or contracted by DHL - e.g. Shipper, Consignee, third party, or government official; third party cyber-attacks or other information security related threats;

U.S. DOMESTIC TERMS & CONDITIONS OF CARRIAGE (continued)

“Force Majeure” - e.g. earthquake, cyclone, storm, flood, fog, war, plane crash, embargo, riot, epidemic, pandemic, civil commotion, or industrial action.

9. Shipper's Warranties and Indemnities

Shipper shall indemnify and hold DHL and its directors, officers, employees and agents harmless from and against all and any liabilities, losses and damages arising out of Shipper's failure to comply with the following warranties and representations:

- the Shipment is acceptable for transport under Section 1 above,
- the Shipment was prepared in secure premises by reliable persons and was protected against unauthorized interference during preparation, storage and any transportation to DHL,
- Shipper has provided all information, permits, licenses or other government authorizations and documents, as required by applicable law or upon request from DHL, and all information, permits, licenses or other government authorizations and documents provided by Shipper or its representatives are true, complete and accurate, including the value and description of the goods and Shipper and Consignee information,
- when providing personal data to DHL, Shipper has complied with its legal obligations to process and share this data, including informing the affected individuals that personal data, including Consignee's email address and mobile phone number, is required for transport and delivery.

10. Routing

Shipper agrees to all routing and diversion, including the possibility that the Shipment may be carried via intermediate stopping places.

11. Governing Law

Any dispute arising under or in any way connected with these Terms and Conditions shall be subject to the jurisdiction of the courts of, and governed by the law of the state in which the Shipment was tendered to DHL without regard to conflict of law provisions.

12. Severability

The invalidity or unenforceability of any provision shall not affect any other part of these Terms and Conditions.
