

# DHL EXPRESS STRENGTHENS TRANS-TASMAN AIRFREIGHT CAPACITY WITH SERVICE CONNECTING MELBOURNE AND NEW ZEALAND

The new dedicated route will connect key Australian and New Zealand commercial centres with five overnight freighter services a week, helping to support the growing trans-Tasman demand for time definite international services.

## Industry's fastest transit time

Australian and New Zealand businesses will benefit from a reliable shipment transit time of just 1 day – the express industry's fastest.

## Best shipment collection time

The service provides the industry's best shipment collection time, offering businesses the option to book in their shipments for courier pick-up later in the day.

## 5 x services a week

The dedicated overnight freighter service will connect Melbourne, Auckland and Christchurch five times a week.

## Connecting the North and South Island

Directly flying between Auckland and Christchurch, the domestic service connects local businesses to a delivery network covering more than 220 countries and territories worldwide.
