

# A selfie day in the life of...

## Norris Tobias, Apprentice Maintenance Engineer

8:00am

*I started the day off at DHL Supply Chain Coventry testing the new Techman 5 collaborative Robot. We were comparing its performance against the Sawyer Robot*

9:30am

*We took some action shots of the Techman 5 Robot*

11:00am

*Time to swap the Techman Robot for the Sawyer Robot and get it set up on the production line*

12:00pm

*Here I am doing my daily Preventative Maintenance checks, and making sure everything looks ok*

2:00pm

*I headed over to the Manufacturing Technology Centre to start my PLC Programming course, but had to get some lunch first. Look at that amazing view!*

2:30pm

*Now ready to get started on my PLC Programming course with Schneider Electric*
