General Information:

NOTE:

Air freight rate and fees are calculated on gross or bulk weight. During the shipment takeover, package dimensions are checked and the bulk weight of the shipment is calculated. You will receive information about these figures and we reserve the right to change prices.

In case of increased transport costs which directly influence the transport process (10% or more oil prices rise, rising of the FCC & SCC charge) and which DHL GLOBAL FORWARDING can not anticipate, we reserve the right to change transport price according to the transport expenses change, about which you will be notified. The prices do not apply to DG shipments; the offer is worth for commercially safe, properly packaged goods.

The offer is not binding until the conclusion of the contract and is based on the currently applicable prices, tariffs and exchange rates.

We operate in accordance with the provisions of the General Terms and Conditions of International Freight Forwarders Croatia, Zagreb 2005. Delivery time specified in the offer is approximate and it is not binding. Land transportation can be a substitution for air and sea transportation on the parts of the agreed route. If the Shipment is transported by air and involves an ultimate destination or stop in a country other than the country of departure, the Montreal Convention, or the Warsaw Convention as applicable, governs. For international road transportation, the Convention for the International Carriage of Goods by Road (CMR) may apply. These conventions limit our liability for loss or damage. Our responsibility is in accordance with the Montreal or Warsaw Convention, CMR, CIM B / L requirements. All costs incurred as a result of non-payment are borne by the customer.

In air freight 1 cbm = 167 kg. In trucking 1 cbm = 333 kg.
