DOMESTIC

SMARTMAIL PARCEL PLUS

Looking for reliable delivery service with shipment visibility? Trust our dependable service that offers flexible shipping options and superior advantages.

Maximum convenience for your residential shipping needs.

DHL SmartMail Parcel Plus™ is a full-service residential shipping solution providing customers with pick up, labeling, sorting and injection into the postal stream for final delivery. By leveraging the strengths of DHL eCommerce Solutions and our Workshare partnership with the U.S. Postal Service, customers benefit from network reliability, postal expertise and an array of value-added services.

A solution for all your needs.

DHL eCommerce Solutions has multiple service levels to meet your every business need. These services balance transit time and cost, allowing you to choose the best option for your business.

DELIVERY TIMES

-  **Expedited Max:** 2/3 Transit Days 
- Expedited:** 2-5 Average Transit Days
- Ground:** 3-8 Average Transit Days

Green service with max value.

DHL SmartMail Parcel Plus Expedited Max boasts the fastest and most reliable service in our portfolio. Ideal for customers looking for a value-driven shipping option that is fast and predictable, all Expedited Max shipments are carbon-neutral through carbon offset climate protection projects in support of DPDHL Group's Mission 2050: Zero Emissions.

DHL eCommerce Solutions – Excellence. Simply delivered.

Through our Workshare partnership with the U.S. Postal Service, we offer a full-service shipping solution with a quality controlled process to move your packages with precision. After picking up your parcels, we sort and process them at one of our nationwide distribution centers, transfer them to the destination postal facility and insert them deep into the postal stream. Our professional expertise, coupled with this efficient process, provides customers with superior transit times, reliability and trackability.
