

Danzas Corporation Rules Tariff for NVO Rate Arrangement

Danzas Corporation (d/b/a/ DHL Global Forwarding)
FMC Lic. # 000315
Effective Date: April 7, 2023(unless otherwise stated herein)

Danzas Corporation ("Carrier") is a Non-Vessel Operating Common Carrier ("NVOCC") registered with the Federal Maritime Commission ("FMC").

NOTICE TO TARIFF USERS

Carrier has opted to be exempt from rate tariff publication requirements pursuant to 46 C.F.R 520 and 532. Carrier has opted for the exclusive use of Negotiated Rate Arrangements ("NRA") and NVOCC Service Arrangements ("NSA").

As used herein the term "Customer" refers to the Shipper, Consignee or owner of the Goods who engaged Carrier's services pursuant to an NRA or NSA.

Negotiated Rate Arrangements ("NRA"): An NRA is a written and binding arrangement between Customer or agent thereof, on the one hand, and Carrier, on the other, to provide specific transportation service for a stated cargo quantity, from origin to destination, on and after receipt of the cargo by Carrier or its agent (originating carrier in the case of through transportation). The booking of cargo after receiving the terms of the NRA or NRA amendment constitutes acceptance of the rates and terms of the NRA or NRA amendment and binds the parties. Carrier's or Carriers' agent's receipt of the cargo for this shipment constitutes final acceptance of the offer, and the terms of the NRA binds the parties. All applicable origin and destination local terminal and/or port charges apply to all NRAs. Rates may not be modified in an NRA after the time the shipment is received by the Carrier or its agent (including originating carriers in the case of through transportation). Service under an NRA is subject to this rules tariff unless otherwise indicated.

NVOCC Service Arrangements ("NSA"): An NSA is a written contract, between Customer or agent thereof, on the one hand, and Carrier, on the other, in which Shipper or Consignee makes a commitment to provide a certain minimum quantity or portion of cargo or freight revenue over a fixed time period, and Carrier commits to a certain rate or rate schedule and a defined service level. The NSA may also specify provisions in the event of nonperformance on the part of any party. Please note that NSAs must have a minimum volume, a fixed time period, agreed rates and a defined service level. NSA can contain provisions in the event of non-performance, such as liquidated damages, if Customer fails to meet a minimum volume commitment. NSAs must be agreed in writing between the Carrier and Customer or agent thereof. NSAs can be amended by mutual agreement. Service under an NSA is subject to this rules tariff unless otherwise indicated.

RULE 1 - SCOPE OF THIS GOVERNING RULES TARIFF

Rules, Provisions, Terms and Conditions named in this Tariff apply on General Cargo transported pursuant to an effective NRA or NSA (BETWEEN the United States Atlantic, Gulf or Pacific Coast Ports, Great Lakes Ports, Ports in Alaska or Hawaii, United States inland Points, or Ports or Points in U.S. Territories or Possessions that are named within the governing NRA or NSA, on the one hand, AND, on the other the Foreign Ports or Points named within the governing NRA or NSA.

Rates named in NRAs or NSAs governed by this Tariff applying from/to Ports or Port Location Groups, are Freight of All Kinds (FAK) rates. Rates named in NRAs or NSAs governed by this Tariff applying from/to inland Points or Point Location Groups are through intermodal FAK rates and are NOT Subject to any outport or inland point arbitrary charge unless such outport or inland point arbitrary charge is named in the governing NRA or NSA. Except as otherwise provided in individual NRAs, all rates named in NRAs or NSAs governed by this Tariff shall also apply as proportional FAK rates applicable on cargo having specific prior or subsequent transportation movements.

All NRAs offered by Carrier incorporate the following notice: THE SHIPPER'S BOOKING OF CARGO AFTER RECEIVING THE TERMS OF THIS NRA OR NRA AMENDMENT CONSTITUTES ACCEPTANCE OF THE RATES AND TERMS OF THIS NRA OR NRA AMENDMENT.

RULE 1.1 - INTERMODAL TRANSPORTATION/THROUGH RATES

- a. Rates applying from or to interior points are "through" intermodal rates moving via motor/ocean, rail/ocean, motor-rail/ocean, or air-motor/ocean transportation service when interchanged between the inland carrier and Danzas Corporation (or any d/b/a or agent thereof). Through intermodal rates INCLUDE drayage or other transfer services performed at intermediate ports or points on shipments handled through to destination and not stopped off for special services at such intermediate ports or points, unless such charges for such drayage services are specifically listed within the governing NRA or NSA.
- b. Inland Carriers will be utilized on the basis of availability of service and as Danzas Corporation (or any d/b/a or agent thereof) deems necessary to guarantee safe and efficient transportation. Danzas Corporation (or any d/b/a or agent thereof) is NOT obligated to transport cargo by any particular rail, motor, air or water carrier, NOR shall Danzas Corporation (or any d/b/a or agent thereof) be restricted to the use of Customer's "preferred" or "selected" carriers. Selection of the rail, motor, air or water carrier to be used for any portion of the inland transportation of cargo from/to the inland Point of Service to/from the Port of Interchange shall be at the sole discretion of Danzas Corporation (or any d/b/a or agent thereof).
- c. Liability for cargo during through intermodal transportation service will be as provided in the applicable Danzas Corporation's (or any d/b/a thereof) regular Long Form B/L (See Rule 8).

- a. Carrier expressly reserves the right, at its sole discretion, for any reason whatsoever and without notice, to transfer cargo in its possession from 1 (one) container to another, to shift cargo from 1 (one) underlying vessel operating common carrier to another and/or to substitute 1 (one) mode of transportation for another at any port or point in, or for any portion of, the through transportation service provided by the Carrier. Any such transfer, shifting or substitution shall be deemed to be within the contract of affreightment and shall NOT be considered a deviation therefrom.
- b. Alternate or Substituted Service between Ports:
Danzas Corporation (or any d/b/a or agent thereof) reserves the right to transfer cargo to alternate or substitute ports of service by trucking, rail, or any other means of transportation deemed appropriate by the Carrier. Except as otherwise provided below, such substituted service or transfer arrangements shall NOT result either directly or indirectly in any lessening or increasing of the cost or expense which the Customer would have borne had the cargo moved from, to or through the port(s) originally intended or booked.
- c. When rates differentiated ONLY by the transportation route utilized are named in NRAs or NSAs governed by this Tariff and Carrier, pursuant to

the provisions of paragraph a. herein, forwards cargo to destination via alternate or substituted port service, freight charges shall be assessed based on the transportation route selected by the Customer, or the freight charges applicable via the actual route of movement, whichever is lower.

- d. Nothing in this Tariff, or any NRA or NSAs governed by this Tariff, shall be construed as requiring Danzas Corporation (or any d/b/a or agent thereof) to transport cargo or furnish service for which it does not have, or cannot obtain, suitable or sufficient transporting containers or equipment, nor to accept cargo when underlying vessel-operating-common-carrier or inland carrier services are NOT available. Further nothing in this Tariff or any NRA or NSA governed by this Tariff, shall be construed as creating any obligation for Danzas Corporation (or any d/b/a or agent thereof) to institute or maintain any service from or to any port or point where it is impractical, unsafe or unlawful to operate transportation services or if strikes, labor disturbances, civil commotion, military actions, or riots are occurring at the time shipment is tendered or delivered.

- e. FORCE MAJEURE CLAUSE: Without prejudice to any rights or privileges of the Carrier under covering Bills of Lading, Dock Receipts, or Booking Contracts under applicable provisions of law, in the event of any circumstances beyond the reasonable control of that party, including, without limitation, natural disasters, weather events or other such acts of god, or war, national emergency, hostilities, warlike operations, embargoes, riots, civil commotion, acts of terrorism, piracy, fire, explosion, flood, criminal acts, computer viruses, third party cyber-attacks or other information security related threats, blockages, port congestion, strikes or other industrial disputes (except if relating solely to that party's or subcontractors' workforce), shortage of labor, materials and services and inability or delay in obtaining supplies, epidemic, pandemics, compliance with any acts of any governmental authority pertaining thereto or any other official interferences with commercial intercourse arising from the above conditions and affecting the Carrier's operations, the Carrier reserves the right to cancel any outstanding booking or contract in conformity with Federal Maritime Regulations and the Shipping Act of 1984, as amended.

- a. When different rates applying from the same ports/points to the same ports/points are listed in a single NRA or NSA governed by this Tariff and the application of the rates are based on different Transit Service levels, selection of Transit Service and the related rate level will remain at the Customer's option. If Customer desires a specific Transit Service Customer MUST specify the Transit Service desired at the time cargo is booked with the Carrier, either orally or in writing, unless such instructions have been given previously. If no written instructions are forwarded by the Customer to the Carrier, Carrier's booking records shall govern assignment of Transit Service level and application of the rate. If Customer does NOT specify a specific Transit Service, Carrier will forward shipments and assess freight charges based on the Standard Transit Service or a rate for the Transit Service Level specified in the NRA or NSA at its discretion.
- b. Customer's selection of a Transit Service level option shall be considered paramount and Carrier will NOT alter Customer's instructions or the Transit Service/rate level selected, EXCEPT in the following instances:

If due to an error or omission on Customer's part, cargo is held at Carrier's Terminal or Container Yard and is not forwarded on the first available sailing for the Transit Service selected, Carrier will give the Shipper the option of waiting until the next sailing for the Transit Service selected or of changing the Transit Service status of the shipment. If Customer decides to change the Transit Service selected, freight charges shall be assessed on the basis of the Transit Service via which the shipment actually moves. RULE 2.2 - APPLICATION OF BASIS FOR RATES & CALCULATION OF CHARGES

Except as otherwise provided in individual Tariff Rules or NRAs or NSAs governed by this Tariff, rates and charges named in an NRA or NSA governed by this Tariff are stated in U.S. Currency and apply per weight unit, per measurement unit, per container, per each unit or lump sum per shipment as specified. Calculation of freight and additional charges will be based upon the applicable rate, times the number of units tendered for transportation, subject to the provisions named below.

- a. Rates and/or additional charges stated on a weight unit basis ("W" or "W-ton") apply per ton of 1000 kilos.
 - i. Freight and additional charges on shipments subject to rates or charges stated on a weight unit basis will be computed on the gross weight of the cargo PLUS the weight of all packing materials, pallets or shipping containers (exclusive of the weight of the ocean container) established at the time cargo is tendered for transportation at origin.
 - ii. Carrier reserves the right to weigh or reweigh, on certified scales, any cargo tendered for shipment. Any weight so ascertained by the Carrier shall be deemed paramount and shall be used to compute freight and additional charges regardless of any other weight, certified or otherwise, declared or provided by the Shipper or his agent. Customer may however at its own expense, seek independent certification of the accuracy of any scales utilized by the Carrier.
- b. Rates and/or additional charges stated on a measurement unit basis ("M" or "M-ton") apply per 1 cubic meter.
 - i. Freight and additional charges on shipments subject to rates or charges stated on a measurement unit basis will be computed on the overall measurement of each piece, package or unit in the shipment. The cubical content of each piece, package or other unit shall be the extreme dimensions of the length, width and height of such piece, package or unit.
 - ii. Before any other calculations are made all fractional centimeter or inch dimensions will be disposed of as follows:
 1. All fractions of less than one-half centimeter/inch shall be dropped.
 2. All fractions of one-half centimeter/inch or more shall be rounded up to the next full centimeter/inch.
 - iii. When calculating freight and additional charges of an irregular or unusually shaped piece, package or unit, the 3 (three) greatest dimensions shall be used as the rating measurements. When calculating freight and additional charges of Barrels, Casks, Kegs, Drums or other cylindrical shipping units, measurements shall be taken on the square of the bilge.

- iv. Whenever an individual piece, package or other shipping unit is tendered for transportation and it is requested by Customer, or is necessary because of the nature of the cargo or its packaging, that no cargo be stowed on top of same, Carrier will use the maximum inside height dimension of the transporting container as the height of the cargo when calculating the freight or assessorial charges.
- c. Rates and/or additional charges stated on an alternating weight unit or measurement unit apply per the weight or measurement unit, defined in Rule 2.2 paragraphs a. or b above, whichever produces the greatest revenue to the Carrier.
- d. Rates and/or additional charges stated on a per container basis ("PC") apply per single container by capacity and type as defined below:

RULE 2.4 - TRANSPORTATION SERVICE LIMITATIONS/SUBSTITUTION SERVICES

- a. Except as otherwise specifically provided in the Rules of this Tariff or in individual NRAs or NSAs governed by this Tariff, rates named in NRAs or NSAs governed by this Tariff applying from, to or through U.S. or foreign Ports do NOT include lighterage, terminal handling, wharfage, taxes, duties, dues, customs charges or any other assessorial charges or assessments which have been established by custom of the Port, by Port Operators or Authorities or by national Customs Services (Except as otherwise provided herein). All such assessorial charges assessed against the cargo will be for the account of the Cargo, even if the Carrier is responsible for the collection thereof.

- b.1. Except as otherwise provided in Rule 2.1, Carrier is NOT obligated to transport cargo in any particular container or type of container or equipment, except as specified in individual NRAs or NSAs subject to this Tariff, or in conformity with Rule 16.
 2. Except as otherwise provided below in paragraphs b.3. or i., Carrier is not obligated to transport cargo via any particular vessel, ocean, water, rail, motor or air carrier, or in time for any particular market or otherwise than with reasonable dispatch and due diligence. Selection of any underlying or inland carrier to be used for any portion of the through transportation of cargo shall be at the sole discretion of the Carrier.
 3. When specific reference is made in an individual NRA OR NSA governed by this Tariff to a specific transit time to which Carrier has agreed, Carrier will forward shipments via an underlying VOCC Carrier providing the transit time agreed to by Customer & Carrier.
- c. Except as otherwise provided in an NRA OR NSA governed by this Tariff, Carrier reserves the right to load and transport any single shipment in more than 1 (one) container when required by governmental regulations, for operation exigencies or for any other reason whatsoever. Further Carrier expressly reserves the right, at its sole discretion, for any reason whatsoever and without notice, to transfer cargo in its possession from 1 (one) container to another, to transship cargo from 1 (one) vessel to another and/or to substitute 1 (one) mode of transportation for another at any point in, or for any portion of, the through transportation service provided by the Carrier. When different rates applying from and to the same ports/points are provided in an NRA OR NSA governed by this Tariff and the application of the rates are based on different underlying VOCCs/NVOCCs, selection of the underlying VOCC/NVOCC will be strictly at the Customer's option. Customer MUST specify the underlying VOCC/NVOCC desired at the time cargo is booked with the Carrier, either orally or in writing (unless prior written instructions have been provided to Carrier, or are provided within the governed NRA). If no written instructions have been provided by the Customer to the Carrier, Carrier's booking records shall govern assignment of underlying VOCC/NVOCC and thus the rate to be assessed. If Shipper fails or declines to specify a particular underlying VOCC/NVOCC, Carrier shall be free to select the carrier to be utilized for transportation that is consistent with the rates named in the governed NRA OR NSA and Carrier's obligation as a common carrier to provide transportation service under the terms and conditions of this Tariff and Carrier's B/L; in such cases Freight Charges shall be assessed pursuant to paragraph i(iii) of this Rule.
- ii. Customer's selection of an underlying VOCC/NVOCC shall be considered paramount and Carrier may NOT and will NOT alter Customer's instructions or the underlying VOCC/NVOCC selected, EXCEPT in the following circumstances:
 - A. If Carrier forwards a shipment via a different underlying VOCC/NVOCC than specified in error, Customer shall be assessed freight charges based on the underlying VOCC/NVOCC actually selected or the freight charges applicable to the underlying VOCC/NVOCC or Service actually provided, when another rate applicable for service via another VOCC/NVOCC, whichever is lower. If no other rates are provided within the effective NRA OR NSA governed by this Tariff, Carrier will assess the applicable rate via the VOCC/NVOCC named within the NRA.
 - B. If due to an error or omission on Customer's part, cargo is held at Carrier's Terminal or Container Yard and is not forwarded on the first available sailing for the underlying VOCC/NVOCC Service selected, Carrier will give the Customer the option of waiting until the next sailing for the underlying VOCC/NVOCC selected or either: to switch the underlying VOCC/NVOCC selected, when a separate rate has been included within the effective NRA OR NSA for service via another (or any) VOCC/NVOCC, or to decline to utilize the agreed NRA OR NSA rate and instead accept application of the regular effective Tariff rate. If Customer decides to change the underlying VOCC/NVOCC service, freight charges shall be assessed on the basis of the underlying VOCC/NVOCC service actually utilized to transport the shipment. In all cases all charges for storage, container shifting or reloading or shipment return, incurred as a result of Customer's error or omission shall be for the account of the Customer.
- iii. APPLICATION OF RATES WHEN CUSTOMER DECLINES TO SPECIFY AN UNDERLYING VOCC/NVOCC SERVICE:

When an NRA OR NSA governed by this tariff includes both an applicable rate applying via a specified underlying VOCC/NVOCC and an applicable rate via another VOCC/NVOCC or "any Carrier" (i.e. any

rate that does NOT specify application via a particular underlying VOCC/NVOCC), the rate applying the underlying VOCC/NVOCC actually utilized shall be assessed.

RULE 2.5 - PROTECTIVE SERVICES

Except when otherwise specifically provided in individual NRAs or NSAs governed by this Tariff, or in assessorial charges named in any NRA OR NSA governed by this Tariff, the rates and charges named in an NRA OR NSA governed by this Tariff do NOT include mechanical refrigeration, heater, insulated or ventilated container service prior to, during, or after through transportation service. Rates specifically including such protective services will be subject to the provisions of Rule 2.7 (Prior Booking) and will apply ONLY when Carrier is able to obtain and provide proper and sufficient equipment to transport shipment as required.

RULE 2.6 - INSURANCE AND CONSULAR/CUSTOMS DUTIES/FEEES

Rates and charges named in this Tariff and in NRAs or NSAs governed by this Tariff, do NOT include marine or any other insurance maintained for the benefit of the cargo, NOR do they include any Consular or Customs Duties, Fees or Clearance Charges.

- a. Customers desiring Carrier to arrange insurance coverage for cargo value in excess of Carrier's stated liability (See Rules 8 and 12) MUST notify Carrier, in writing, of the amount and type of insurance coverage desired and requested, PRIOR to commencement of transportation service. Insurance coverage will then be arranged and effected, subject all the restrictions, limitations and exclusions specified in the Insurance Carrier obtains, upon Customer's payment of the applicable insurance premium. Carrier will provide a firm quote of the current premium for the insurance coverage requested upon request.
- b. The Shipper and Consignee shall be and will remain severally and jointly liable for all Customs duties or fees and/or Customs clearance charges assessed upon arrival of cargo at destination. Cargo which cannot be cleared through Customs for any reason whatsoever will be stored and/or warehoused by Carrier at the risk and expense of the cargo, returned to origin upon Customer's instructions, OR, turned over to Customs authorities without any further responsibility or liability on the part of Carrier.
- c. Any damage, deterioration or loss of cargo, and any fine imposed by Customs or other legal authorities at destination, as the result of Customer's or its authorized agent's failure to comply with Customs or Consular regulations, or for any errors or omissions in Shipper supplied documentation or shipping information/instructions, shall be for the account of the cargo.

RULE 2.7 - PRIOR BOOKING REQUIREMENTS

Carrier requires the prior booking of:

- a. All cargo weighing over 1 W-ton or which cannot be loaded within the inside of a standard closed container. Cargo booking must be made sufficiently in advance of scheduled sailing so that any specialized equipment required to handle or transport the cargo can be obtained and furnished to Shipper in sufficient time to accomplish loading and movement of cargo to shipside prior to scheduled sailing date; and
- b. All Full Container Load "Shipper Load, Stow and Count" shipments (See Rule 2.23). Cargo booking must be made sufficiently in advance of scheduled sailing so that empty container(s) can be made available for Shippers to load and return to Carrier's Terminal, CY or Rail Yard/Ramp prior to departure date of train or vessel on which cargo has been booked. Shipper MUST specify the cargo to be transported and the number and type of container(s) desired to accommodate shipment at time of booking; and
- c. All hazardous, flammable or dangerous cargo as defined in Rule 16. See Rule 16 for specific requirements when booking such cargo; and
- d. All shipments moving on an "ORDER" B/L or any shipment for which Carrier has been requested to provide shipping documentation; and
- e. All cargo requiring transportation in mechanically refrigerated, heated, insulated or ventilated containers/equipment. (Protective Services - see Rule 2.5).

RULE 2.8 - COMMODITY DESCRIPTIONS AND DOCUMENTATION

Except as otherwise provided in individual NRAs or NSAs governed by this Tariff, Shipper MUST furnish, or arrange for the preparation of, all documentation and information required to export cargo from country of origin, to import cargo into country of destination, and to transport cargo through other countries between origin and destination. In addition to all documentation, Shipper MUST describe cargo in sufficient detail, and MUST at a minimum comply with the following:

- a. EXPORT FROM THE UNITED STATES: Description of commodities shall be uniform on all copies of the B/L and MUST be in conformity with a validated U.S. Export Declaration, EEI (Electronic Export Information) filings to the U.S. Customs Automated Export Systems (AES), and/or Consular Documents covering the shipment. The Carrier may verify the B/L description with any of the above shipping documents or information to insure accuracy. Amendments or corrections in the commodity description will be accepted ONLY if validated by U.S. Customs and in conformity with all other shipping documents. If shipments are NOT covered by a Shipper's Export Declaration, as permitted by Export Control Regulations, Shippers MUST insert the applicable commodity Schedule B number in the Line Copy of the B/L.
- b. IMPORT INTO THE UNITED STATES: Description of commodities shall be uniform on all copies of the B/L and MUST be in conformity with Customs Declaration, AMS (Automated Manifest System) filing (see Rule 2.8A),

Customs Entry and Consular Documents. The Carrier may verify the B/L description with other shipping documents or information to insure accuracy. Amendments or corrections in the commodity description will be accepted ONLY if supported by U.S. Customs Declaration, AMS Filing, Customs Entry, Consular Documents and other shipping documents.

- c. Trade names are NOT acceptable commodity descriptions. Shippers are required to declare their commodities by their generally accepted generic or common name. Hazardous or Dangerous Commodities MUST be declared and described by their proper IMCO/DOT shipping name, and Class, Division and Identification Number.
- d. Unless otherwise specified, the value of cargo, which is to be rated in accordance with a specific value-scale provided in an individual NRA OR NSA governed by this Tariff, will be determined on the basis of the value and net weight as declared in a validated U.S. Export Declaration, Customs Declaration, Customs Entry and/or Consular Documents. Where there is a discrepancy between such documents, the highest declaration shall be used to calculate freight and additional charges.

RULE 2.8A - CARGO DECLARATION RULE

A. SUBMISSION OF CARGO DECLARATION DATA; DEADLINE FOR SAME: Danzas Corporation is an Automated Manifest System ("AMS", which term incorporates any subsequent iterations of AMS) qualified NVOCC, (hereinafter "NVOCC-Carrier"), which is authorized to submit cargo manifest declarations electronically directly to U.S. Customs and Border Protection ("CBP") for shipments inbound into the United States. Pursuant to CBP regulations effective December 2, 2002, NVOCC-Carrier is required to submit certain cargo declaration data for all cargo on board a vessel that will call in the United States for discharge of U.S. import cargo, and foreign destination cargo remaining on board the vessel, to CBP not later than 24 hours prior to the time the cargo is loaded on a vessel in the non-U.S. port of loading. In order to enable NVOCC-Carrier to comply with this requirement, except as provided in paragraph B of this rule, any person, including NVOCCs who are not AMS qualified, tendering cargo to NVOCC-Carrier that is to be transported to the United States or that will be on a vessel when that vessel calls in the United States, even though destined to a non-United States destination, must submit the following information regarding such cargo to NVOCC-Carrier in writing, including by electronic transmission, not later than 48 hours prior to the cutoff time for delivery of cargo to be loaded on the vessel. It is the responsibility of Customer to inquire from NVOCC-Carrier when booking cargo when specific vessels are scheduled to begin loading:

- 1. A precise description of the cargo, or the 6-digit HTS number under which cargo is classified, and weight of the cargo, or for a sealed container, the shipper's declared description and weight of the cargo. The quantity of cargo shall be expressed in the lowest external packaging unit. For example, a container containing 10 pallets with 200 cases shall be described as 200 cases. Generic descriptions such as "Cargo, NOS," "FAK," "Freight, All Kinds," "General Cargo," "Chemicals," "foodstuffs," and "Said to Contain" are not acceptable descriptions.

2. Shipper's complete name and address, or the identification number issued to the shipper by CBP. Non-automated NVOCCs must provide complete shipper information. Neither the non-automated NVOCC nor its agent shall be considered "shipper" for AMS reporting purposes.

Complete name and address of the consignee, owner or owner's representative, or its ACE identification number. Non-automated NVOCCs must provide complete consignee information. Neither the non-automated NVOCC nor its agent shall be considered "consignee" for AMS reporting purposes.

4. Internationally recognized hazardous material code when such materials are being shipped.

5. Seal numbers for all seals affixed to the container.

B. AMS QUALIFIED NON-VESSEL-OPERATING COMMON CARRIERS: Non-Vessel-Operating Common Carriers ("NVOCCs") which have tendered cargo to NVOCC-Carrier as shippers that are licensed by or registered with the FMC and that have obtained CBP bonds, and have otherwise qualified as AMS NVOCCs, must submit the required inbound cargo declaration data directly to CBP. For the purpose of this term, an NVOCC is registered with the FMC if it has been issued an Organization Number by the FMC, published a valid and effective Tariff, and posted the required bond(s) with the FMC.

1. Second Notify Party: Any FMC licensed or registered NVOCC with a CBP bond that tenders cargo that will be on board a vessel when it calls in the United States and provides the required cargo declaration data for that cargo directly to CBP as an AMS qualified NVOCC shall identify the vessel carrier as "Second Notify Party" in the data submitted to CBP. The automated NVOCC shall provide to the NVOCC-Carrier the certification described in subparagraph B.2 below, unless notified by the NVOCC-Carrier to cease providing that certification.

2. Certification: Any automated NVOCC that submits cargo declaration information directly to CBP shall, unless notified by the NVOCC-Carrier pursuant to subparagraph B.1 above that it is not required to do so, provide the NVOCC-Carrier, not less than 48 hours prior to the cutoff time for the delivery of cargo to be loaded on the vessel, with a written certification stating that the required inbound cargo declaration data for its cargo has been transmitted to CBP in a timely and accurate manner. Such certification shall describe the cargo tendered with sufficient specificity (including container number) that NVOCC-Carrier may readily identify such cargo. It is the responsibility of Shipper to inquire from NVOCC-Carrier when booking cargo when specific vessels are scheduled to begin loading and to determine cutoff times.

Non-automated Non-Vessel Operating Common Carriers. NVOCCs that are not automated, which tender cargo to the NVOCC-Carrier, must timely and accurately provide all the information to NVOCC-Carrier in the manner described above in Paragraphs A through A.5, even for cargo which is tendered to the NVOCC by other non-automated NVOCCs.

4. NVOCC Co-Loading: For purposes of this subparagraph, the term "Master NVOCC" shall mean the NVOCC that is the shipper/customer of the vessel

carrier and tenders co-loaded cargo to the vessel carrier in its name. When the NVOCC-Carrier is the Master NVOCC, automated NVOCCs tendering cargo to the NVOCC-Carrier shall make the certification required by B.2 above to NVOCC-Carrier, and accurately and timely submit cargo declaration data for its co-loaded cargo directly to CBP. If the cargo submitted by the co-loading NVOCC, includes additional NVOCC co-loaded cargo from non-automated NVOCCs, the co-loading NVOCC shall report all the pertinent data for those shipments directly to CBP. In the event that NVOCC-Carrier does not act as the Master NVOCC, then the NVOCC-Carrier shall submit AMS data directly to CBP for its shipments only.

5. All shippers, including NVOCCs, shall be subject to Paragraph C. of this Rule.

C. Failure by NVOCC-Carrier, whether or not caused directly by NVOCC-Carrier, to provide accurate and timely information to CBP could result in the following penalties, claims, sanctions, or damages among others:

1. CBP may impose monetary penalties on the NVOCC-Carrier for inaccurate or untimely submitted cargo manifest data.

2. A Customs "hold" order can result in cargo not being laden on a vessel at a foreign port, and can result in claims from cargo interests seeking damages from the NVOCC-Carrier for delay or non-delivery.

3. Cargo held at origin or destination can result in inspection, stuffing and re-delivery expenses.

4. Cargo which is disallowed discharge at the destination port can result in non-delivery, additional transportation charges, handling charges and other claims by the cargo interest at the destination point.

5. Vessel carriers could claim damages against NVOCC-Carrier related to AMS participation by NVOCC-Carrier.

On co-load cargo, one of the parcels could subject the rest of the cargo, and therefore, the NVOCC-Carrier, to all of the damages named above. For example, a container with six shipments consolidated from six different shippers, may have a hold on it due to one of the six shipments; this puts a hold on the container, and the container has to be stripped, re-stuffed, and re-delivered. Claims could arise from the vessel carrier, from CBP, from the affected cargo interests.

7. Accordingly, NVOCC-Carrier may refuse to load any cargo tendered to it for which it has not received either

(i) the data required by paragraph A. of this Rule by the deadline specified therein; or

(ii) the certification required by paragraph B of this Rule by the deadline specified therein.

8. Any and all costs incurred by NVOCC-Carrier with respect to cargo in its possession which is not loaded, or discharged at destination due to the failure of Shipper or NVOCC to provide information or certification, or which is not loaded or discharged pursuant to the

instructions of CBP, regardless of the reason, whether or not it is caused by the omissions or commissions of shipper or NVOCC, shall be for the account of the cargo, which includes any NVOCC which tenders cargo to NVOCC-Carrier. Such costs shall include but are not limited to inspection, storage and/or red-delivery costs, or any other costs and expenses whatsoever resulting from the cargo not being loaded or discharged.

9. Indemnification of NVOCC-Carrier: If NVOCC-Carrier is assessed a civil penalty or denied permission to load or unload cargo, then any and all shippers, consignees, cargo owners, NVOCCs and their agent(s) that failed to provide the information required by this Rule and/or by the regulations of CBP in a complete and accurate manner shall be jointly and severally liable to indemnify and reimburse NVOCC-Carrier for any such penalty and any and all costs incurred by the Carrier as a result of the denial of permission from CBP to load or unload cargo.
10. If NVOCC-Carrier was not culpable in any way for said penalties and costs, all shippers, consignees, cargo owners, NVOCCs and their agent(s) shall further be jointly and severally liable to indemnify and reimburse NVOCC-Carrier for any such penalty and any and all costs incurred by the Carrier as a result of the denial of permission to load or unload cargo, or for any penalty imposed by CBP, whether or not such

costs or penalties resulted from the omission or acts of those parties.

11. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts, and any other unpaid freights or charges, are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs, including attorneys' fees, incurred in connection with such legal action.

- D. AMS PROCESSING FEE: Except as otherwise specifically provided in individual TLIs of this Tariff, all Shipments moving on the rates and charges named in this Tariff are SBJ to the U.S. Manifest Processing Fee specified below, which charge shall be in addition to all other applicable charges including all otherwise applicable charges named herein:

\$ 40.00 per B/L

If a correction and/or amendment is made to data that has already been filed with CBP thru AMS, Carrier will assess the Correction Fee named below, which charge shall be in addition to all other applicable charges:

\$ 40.00 per B/L

RULE 2.9 - PACKING, PACKAGING AND MARKS

When a specific method, type or size of packing or packaging is specified in an individual NRA OR NSA governed by this Tariff, such rate will ONLY apply on shipments of the commodity so packed or packaged. Additionally, all shipments will be subject to the following packing and marking provisions:

- a. All shipments tendered to Carrier for transportation MUST be packed in a manner that will insure safe transportation with ordinary care and due diligence on the part of the Carrier. Such packing shall at least meet the standards set for shipping within the boundaries of the United States, and shall at least be, in the sole judgment of the Carrier, adequate to protect the cargo from damage during ordinary handling and ocean transportation. Carrier will assume no liability for any damage to cargo caused by negligent, improper or inadequate packing or packaging.
- b. Except on FCL shipments subject to Rule 2.23 ("Shipper Load, Stow and Count") each individual piece, package, carton, bundle or unit included in a shipment

MUST bear: Marks and Numbers, Place of Destination and Origin (including country), and the Name and Address of the Consignee, Shipper and notify party. In the case of a shipment moving on an "Order Notify" B/L, or which is consigned "C.O.D.," each piece, package, carton, bundle or unit MUST also be marked accordingly. The Carrier will NOT be responsible for Shipper's failure to observe the marking regulations of the destination country, NOR for the accuracy of Shipper furnished labels and/or information used to prepare such labels.

- c.1. Any single article, which, by its nature, may be shipped without danger of damage in ordinary handling while lacking boxing, crating or wrapping will be accepted as suitably packed for transportation when tendered to the Carrier without boxing, crating, wrapping or other packaging.
2. Vehicles, new or used, not in containers, will be received and accepted for transportation without boxing, crating, wrapping or other packaging. However Carrier will NOT perform or provide technical inspection and/or check of Vehicle's inside or outside equipment and/or accessories. Therefore, Carrier will neither be liable for, nor responsible for, any loss, damage or non-operation of any Vehicle's equipment and/or accessories unless such loss or damage is directly due to the negligence or cause of the Carrier.

Additionally, Carrier will not be liable for loss and/or damage to any loose articles or cargo left in, on or packed inside Vehicles at the time vehicle is tendered for transportation.

d. CARGO SHIPMENTS CONTAINING CONIFER WOOD PACKAGING: All Cargo exported from U.S. Ports and Points MUST comply with all applicable standards, rules and regulations for Wood Product marking and treatment. If Customer fails to comply with these regulations, or fails to provide the required documentation, and as a result cargo is held, quarantined or otherwise delayed at destination or via ports en route to destination, Customer shall remain liable for, and hold Carrier harmless from, all charges incurred for demurrage, detention, inspection, unpacking, repacking, treatment, dismantling and/or material disposal.

RULE 2.10 - PROVISIONS GOVERNING FRAGILE OR UNSTABLE CARGO

When cargo, which is liable by its nature to lose weight or substance by attrition, evaporation, etc. during transportation, or while in the possession of Carrier, is accepted by Carrier for transportation service, Carrier shall be responsible ONLY for the delivery of the proper number of packages, bales, cartons, etc. at destination. No claims for overcharge or overpaid freight charges will be accepted or honored on the basis of the landed weight or measurement at destination on such cargo.

RULE 2.11 - ADVANCED CHARGES RULE

Except as otherwise provided herein, upon the request of the Customer or its agent, Carrier will advance the lawful charges described below for collection with Carrier's freight and related assessorial charges. Such

advanced charges will be entered on the B/L, Shipping Orders/Instructions or Carrier's Invoice in such a manner as to accurately describe their exact character. (See NOTES 1 and 2). Carrier will ADVANCE -

- a. drayage charges of U.S. (See NOTE 3) or foreign motor, rail, water, or air carriers for transportation service between Carrier's Terminal, Freight Station or rail ramp, on the one hand, and on the other Shipper's, Consignee's, Beneficial cargo Owner's or their agent's premises; and
- b. cartage charges for transportation between rail ramps, docks, piers, warehouses, terminals or other transportation interchange facilities; and
- c. Brokerage, Customs' Service Fees, Forwarders' Fees, Customs House Brokers' charges or other third party charges assessed against the shipment; and
- d. charges for storage, packing/unpacking or loading/unloading of cargo when such charges are NOT included in the rates or charges named in in an NRA OR NSA governed by this Tariff; and
- e. equipment detention and demurrage charges incurred for the use of underlying VOCC equipment.

NOTE 1: Charges advanced under this Rule may NOT include

the invoice value of the cargo transported, C.O.D. or Order B/L charges, import/export Taxes/Duties or fines and penalties imposed by any governmental authority.

NOTE 2: The Carrier reserves the right to decline to advance any or all charges referred to in this Rule if the cargo would not, at forced sale, realize the total freight and charges due.

NOTE 3: Charges advanced and paid by Carrier for prior or subsequent transportation services performed by any U.S. Motor Common Carrier on behalf of the Customer or its agent, which were represented as being lawful and correct when invoice/freight bill for such service was presented, will NOT be adjusted. Further, Carrier will NOT collect, or aid in the collection of, any undercharges determined due by such Motor Common Carrier or its agent after Carrier's payment of original invoice/freight bill, or otherwise be responsible for the collection or payment of any charges not properly quoted, represented or invoiced.

RULE 2.20 - FULL CONTAINERLOAD SHIPMENT RULES

Upon request, and when available, Carrier will provide, or make arrangements with underlying VOCCs to provide, Customer with ocean-going containers or other transporting equipment, subject to the conditions, provisions and rules named in Rule 2.21 through 2.29 of this Tariff.

RULE 2.21 - RESPONSIBILITY/LIABILITY FOR CONTAINER EQUIPMENT

The Customer shall be responsible for the safety and security of any container in its possession under any provision of this Rule or this Tariff, and for any damage or injury to or loss of the container arising out of the use, operation, maintenance or possession of such container by the Shipper, Consignee or their agent. Additionally the Shipper and/or Consignee shall be responsible for the removal of all blocking, bracing, strapping, paper or debris from the container, or for any solid or liquid contamination of any part of the container furnished to Shipper, and further shall be liable for the cost of cleaning and/or deodorization of the container to the satisfaction of the Carrier. Actual cleaning and/or deodorization of the container MUST be performed prior to return of the container to the Carrier. Any and all charges for such cleaning services shall be for the account of the Shipper and/or Consignee.

The Shipper, the Consignee, and the signatory of the equipment interchange agreement, if any, are jointly and severally liable for the payment of all detention charges that may be imposed with respect to the use of VOCC equipment. The liability will be imposed notwithstanding whether these parties have executed an equipment interchange agreement with the vessel operating common carrier and notwithstanding whether any equipment interchange agreement pertaining to such equipment provides for such liability.

Detention charges will be charged for each calendar day following free time and will be for the account of Customer.

These charges will be billed directly to Customer separately from the normal freight charges. The Customer will be responsible for all per diem charges caused by this type of delay. The Customer is responsible for the return of all equipment upon demand.

RULE 2.22 - REMOVAL OF CONTAINERS FOR LOADING/UNLOADING

Empty or loaded containers may be removed from Carrier designated CY or Rail Yard/Ramp by the Shipper or his agent for loading and by the Consignee or his agent for unloading, SUBJECT to the following provisions:

- a. When required, Shipper, Consignee or their agent, MUST execute the underlying VOCC's standard Equipment Interchange Agreement and receipt at the time of interchange. All Equipment Detention Charges incurred by Shipper, Consignee or their Agent while container is in their possession will be for the account of the party incurring such charges.
- b. Containers MUST be returned by the Shipper, Consignee or his Agent to the CY or Rail Yard/Ramp from which they were removed unless Carrier instructs or agrees that container is to be returned to another location. Containers may ONLY be interchanged during regular working hours, unless prior arrangements have been made for interchange at other times.
- c. Carrier will accept return tender of Shipper loaded and sealed containers at CY or Rail Yard/Ramp SUBJECT to the provisions of Rule 2.23 of this Tariff and B/Ls issued to cover such containers MUST be cloused "Shipper Load, Stow and Count."
- d. With respect to any shipment for which vessel operating common carrier (VOCC) equipment is used, the Shipper, the Consignee, and the signatory of the equipment interchange agreement, if any, are jointly and severally liable for the payment of all detention charges that may be imposed with respect to the use of VOCC equipment. The liability will be imposed notwithstanding whether these parties have executed an equipment interchange agreement with the vessel operating common carrier and notwithstanding whether any equipment interchange agreement pertaining to such equipment provides for such liability. Detention charges will be charged for each calendar day following free time and will be for the account of Customer. These charges will be billed directly to Customer separately from the normal freight charges. The Customer will be responsible for all per diem charges caused by this type of delay. The Customer is responsible for the return of all equipment upon demand.

RULE 2.23 - PROVISIONS FOR SHIPPER LOAD, STOW & COUNT CONTAINERS

When containers are loaded and sealed by Shipper or his Agent, Carrier will accept such shipments as, and B/Ls shall be cloused, "Shipper Load, Stow and Count," and shall be SUBJECT to the following provisions:

- a. Carrier will NOT be responsible or liable, either directly or indirectly, for any damage resulting from the improper stowage, loading or mixing of articles in containers, nor for any discrepancy or shortage in the count thereof, nor for any concealed or hidden damage to the cargo.
- b. All labor and materials, such as lashing, bulkheads, cross members, platforms, dunnage, pallets or other similar materials, used to block, brace or secure cargo in/on container for safe transportation MUST be supplied by and at the expense of the Shipper or his Agent. Carrier will NOT be responsible for, and rates and charges named in NRAs or NSAs governed by this Tariff, do NOT include, the return or exchange of such materials after use unless otherwise specifically provided therein. Materials used for securing, bracing, lashing, etc. (other than normal packaging or pallets) shall NOT be included in the overall weight or measurements of the cargo for the purposes of calculating freight charges.
- c. Shipper MUST furnish Carrier with a complete list of all cargo in each container, including a complete description of all articles in the container and the gross weight and overall cubic measurement of the cargo contents. Each individual piece, package or unit in a Shipper sealed container loaded to full visible capacity need NOT be marked as required in Rule 2.9.
- d. Carrier reserves the right to open, inspect and recalculate dimensions of cargo contents or to verify the contents of any container with respect to description, weight and/or measurement. When Carrier opens a container, such inspection will be indicated on the B/L and Shipping Documents. Container will then be resealed with Carrier's seal. Where any error in description, weight or measurement is found, Shipper shall be rebilled for all freight and additional assessorial charges due. Upon inspection of the container contents, if Carrier judges the packing or securing of cargo to be inadequate to protect cargo and container during normal ocean transportation, the Carrier shall either refuse to transport the shipment or shall repack and resecure the cargo in the container. All repacking or resecuring expenses shall be for the account of the cargo.
- e. Shippers placing locking and/or security devices on loaded containers MUST assume full responsibility for getting the proper "key" to the Consignee by the time the shipment is delivered.
- f. When a container subject to "Shippers Load, Stow and Count" is delivered, the Consignee or his Agent MUST furnish Carrier with a clean receipt, prior to release of the container or its contents for delivery.
- g. All cargo loaded in a single container MUST be destined to a single Consignee at 1 (one) port or point of destination. Further, containers containing part lots destined to more than 1 (one) ultimate receiver MUST be consigned to a single Consignee.
- h. Carrier will accept hazardous or dangerous cargo (See Rule 16) loaded in containers handled in "Shipper Load, Stow and Count" service ONLY when Shipper has obtained Carrier's prior approval, and ONLY when

Shipper has compiled with all packing, labeling, marking and placarding regulations outlined in Rule 16 of this Tariff.

- i. Gross weight of loaded containers CANNOT exceed highway weight limitations, unless Shipper, Consignee or their agent have obtained specific authorization from relevant governmental authorities and in NO event shall the gross weight of container and contents exceed the maximum weight capacity of the container. Further without regard to intent, negligence or any other factor, Shipper, Consignee and their agents shall be and will remain jointly, severally and absolutely liable for any fine, penalty or other sanction imposed by any governmental authority on containers moving in "Shipper Load, Stow and Count" service which exceed lawful over-the-road weight limitations.

RULE 2.24 - CONTAINER STOWAGE RESTRICTIONS

All cargo loaded in or on containers or other transporting equipment may be stowed on-deck or under-deck as required for optimum efficiency of underlying VOCC's operations. B/Ls, Certificates, Letters of Credit or other documents requiring specific stowage will NOT be accepted by Carrier, except when specific stowage is required by the regulations outlined in Rule 16 or other governmental requirements. Shippers may NOT request a deviation from this provision.

RULE 2.25 - CUSTOMS INSPECTION/DELAY OF CONTAINER AND CARGO

Should any Customs Service or other governmental authority order or require cargo to be discharged or unloaded from container for inspection or examination, or should any Customs Service or other governmental authority impound, seize or detain cargo or container for any reason, all charges and expenses, including any applicable demurrage, detention or per diem charges, will be for the account of the cargo. Moreover, Carrier will assume no risk or liability for the actions or omissions of such Customs Services, governmental authorities or their agents.

RULE 2.30 - USE OF SHIPPER OWNED OR LEASED (SOL) EQUIPMENT

Except as otherwise provided in individual NRAs or NSAs governed by this Tariff, when prior arrangements have been made with Ocean Carrier, and when underlying VOCC space is available, Carrier will accept for transportation service, cargo loaded in/on Shipper Owned or Leased Containers, Chassis or other transporting Equipment (SOL Equipment), subject to the following provisions:

- a. SOL Equipment and the cargo loaded therein/on will be SBJ to all applicable Rules, Regulations, Rates and Assessorial Charges named in this Tariff or in NRAs or NSAs governed by this Tariff.
- b. SOL Equipment will be accepted for transportation service ONLY after inspection and/or approval by Carrier's authorized personnel prior to loading aboard transporting vessel. Any SOL Equipment which is found to be unsuitable, unsafe or improperly packed will NOT be accepted by Carrier for transportation service.

- c. Body and frame construction of all SOL Equipment MUST be acceptable to the Ocean Carrier, MUST be of sufficient strength to withstand, without permanent distortion, all the stresses that may be applied or encountered during transportation service and MUST be manufactured and equipped in accordance with all applicable United States, foreign or International laws, conventions, regulations and safety requirements.
- d. SOL Equipment may be used ONLY on shipments moving in full containerload quantities and ONLY via Door, Container Yard or Rail Ramp Service.
- e. At Carrier's request, Shipper will be required to submit documentary evidence of ownership or leaseholdership of each container, chassis or piece of transporting equipment tendered for shipment together with the full particulars of all applicable rental or lease agreements and charges being assessed.
- f. Notation of temperature of cargo when tendered to Carrier and that transportation shall be at cargo owner's risk shall be placed on the B/L.

4.1. **Dangerous goods** - The Merchant will not tender Goods which are or may become dangerous, hazardous, noxious (including radioactive materials), inflammable, explosive, or which do or may present a risk of damage to any property or person whatsoever (**Dangerous Goods**) unless the Merchant, or someone acting on its behalf, gives the Carrier written notice of the nature of the Dangerous Goods prior to the Carrier's receipt of the Goods and the Carrier expressly accepts in writing to deal with the Dangerous Goods. The

Merchant's notice will include all information necessary for the Carrier to perform its obligation in connection with the Dangerous Goods in accordance with all applicable laws, regulations or requirements (or any combination of the foregoing), including without limitation information about the characteristics of the Dangerous Goods, the appropriate manner and method of storage, handling and transportation of the Dangerous Goods. The Dangerous Goods must be distinctly marked on the outside so as to indicate the nature and characteristics of the Dangerous Goods and so as to comply with all applicable laws, regulations and requirements. Additional charges may apply to the handling of Dangerous Goods. If any Dangerous Goods are tendered in breach of any of the provisions of this clause, they may at any time or place be unloaded, destroyed, disposed or, abandoned or rendered harmless, as circumstances may require, at the Merchant's cost and without compensation to the Merchant and without prejudice to the Carrier's right to the Freight.

4.2. Goods requiring temperature/environmental control - The Merchant will not tender Goods which require temperature, ventilation or any other kind of environmental control (**Special Control**) unless the Merchant, or someone acting on its behalf, gives the Carrier notice of the Special Control requirement prior to the Carrier's receipt of the Goods and the Carrier expressly accepts in writing to deal with such Goods. The Merchant's notice will include the nature of the Goods, the particular temperature range, ventilation or other special controls to be maintained. The Merchant undertakes that any Container loaded by or on behalf of the Merchant has, where appropriate, been properly pre-cooled or ventilated and its thermostatic or other controls have been properly set before receipt of the Container of Goods by the Carrier. If the above requirements are not complied with the Carrier shall not be liable for any loss or deterioration of or damage to the Goods caused by the Goods not being at the required temperature or properly ventilated or in the required environment. The Carrier shall not be liable for any loss of or damage to the Goods arising from defects in or failure, breakdown, stoppage of the temperature controlling, ventilating or any other specialised machinery, plant, insulation or any apparatus of any Container or Vessel, provided that when the Container is supplied by the Carrier, the Carrier has exercised reasonable care to maintain the Container. The Merchant's attention is drawn to the fact that refrigerated Containers are not designed to freeze down or cool down Goods which have not been presented for stuffing at or below their designated carrying temperature, nor are they designed to control humidity levels. The term "apparent good order and condition" when used in this bill of lading with reference to Goods which require Special Control does not mean that the Goods when received were verified by the Carrier as being at the designated carrying temperature, or properly ventilated or in the required environment.

4.3. Deck cargo - The Carrier has the right to carry the Goods, whether packed in Containers or not, under deck or on deck without notice to the Merchant. If the Goods are carried on deck, the Carrier shall not be required to note, mark or stamp on the bill of lading any statement of such on deck carriage. All Goods whether carried on deck or under deck shall participate in General Average. Goods carried on deck and which are not stated on the front of this bill of lading to be carried on deck shall be subject to the same liability regime for loss or damage or delay as Goods shipped under deck. Goods which are stated on the front of this bill of lading to be carried on deck, and which are actually carried on deck, are

carried without responsibility on the part of the Carrier for loss or damage of whatsoever nature arising during carriage of Goods by sea or inland waterway howsoever caused, whether caused by negligence or any other cause whatsoever.

4.4. **Inspection of Goods and provision of information** - The Carrier or any person authorised by the Carrier shall be entitled, but under no obligation, to open any Container or package at any time and to inspect the Goods, and the Carrier is entitled to access any data or information about the Goods contained in any electronic storage medium. The Carrier shall not be responsible for any delay or damage caused as a result of that inspection. Where data or information is protected by a password, details of that password shall be provided to Carrier by the Merchant on request. The Merchant agrees to provide the Carrier immediately on request with full information about the nature of the Goods and their intended use, as well as the identities of all parties which have any legal, financial or commercial interest in the Goods.

5.1.3 If Containers supplied by or on behalf of the Carrier are unpacked at the Merchant's premises, the Merchant is responsible for returning the Containers, including any Container Equipment, empty, with interiors brushed and clean, odour free and undamaged to the point or place designated by the Carrier, his servants or agents, within the time prescribed by the Carrier. Should a Container and/or the Container Equipment not be returned within the time so prescribed, the Merchant shall be liable for any detention, loss or expenses (as set out in the agreement between the Carrier and the Merchant if any, or where there is no such agreement, the detention, loss or expenses payable under this clause will be as charged to the Carrier by the relevant Sub-contractor) which may arise from such non-return.

5.1.4 The Merchant shall be responsible for any loss of, damage to, contamination or soiling of any Container and/or any Container Equipment supplied by or on behalf of the Carrier.

5.2. Merchant packed Containers

5.2.1 If a Container has not been stuffed, packed, filled or loaded by the Carrier (**Merchant Packed Container**), the Carrier shall not be liable for loss or damage to the Goods caused by (a) the manner in which the Container has been stuffed, packed, filled or loaded; (b) the unsuitability of the Goods for carriage in the Container used; or (c) the unsuitability or defective condition of the Container, provided that where the Container has been supplied by or on behalf of Carrier, this clause 5.2.1 shall only apply if the unsuitability or defective condition would have been apparent upon reasonable inspection by the Merchant before or when the Container was stuffed, packed, filled or loaded.

5.2.2 The Merchant shall ensure that all Merchant Packed Containers are properly sealed by the Merchant and the seal number shall be communicated in writing by the Merchant to the Carrier. If a Merchant Packed Container is delivered by the Carrier with an original seal intact, the Carrier shall not be liable for any shortage of Goods ascertained at delivery.

5.3. SOLAS verified gross mass requirements

5.3.1 Merchant shall provide Carrier with the total gross mass established using calibrated and certified equipment of each packed Container (FCL) or each package of Goods (LCL) carried pursuant to this bill of lading in accordance with SOLAS and the deadlines established by Carrier. Merchant acknowledges and agrees that Carrier will rely on the accuracy and timeliness of such gross mass information and will use this to comply with its obligations to Sub-contractors in accordance with SOLAS.

5.3.2 In the event of any non-compliance by Merchant with clause 5.3.1 or where Carrier reasonably believes the verified gross mass information provided by or on behalf of Merchant is inaccurate or incomplete, Carrier may, at its discretion and without notice to the Merchant, elect to:

(a) establish the total gross mass at Merchant's cost and risk, and as the Merchant's agent, using calibrated and certified equipment of each packed Container (FCL) or each package of Goods (LCL) carried pursuant to this bill of lading in accordance with SOLAS and the deadlines established by Carrier shall apply or

(b) without liability to Merchant refuse to load the Goods (if the Goods are not yet loaded) or, if the Goods are loaded, arrange at Merchant's cost and risk for the Goods to be landed and stored, and such landing and storage shall be deemed to constitute due delivery of the Goods under this bill of lading.

6. PERFORMANCE OF THE SERVICES

6.1. Liberties

6.1.1 The Carrier may at any time and without notice to the Merchant:

(a) use any means of transport or storage whatsoever in the performance of Services;

(b) transfer the Goods from one conveyance to another, including transshipping or carrying them on a Vessel other than that named on the front of this bill of lading;

(c) proceed by any route in its discretion (whether or not the nearest or most direct or customary or advertised route), at any speed, and proceed to or stay at any place or port whatsoever, once or more often and in any order;

(d) load or unload the Goods at any place or port (whether or not such port is named overleaf as the Port of Loading or Port of Discharge) and store the Goods temporarily at any place or port whatsoever, once or more often and in any order;

(e) comply with any orders or recommendations given by any government or Relevant Authority, or any person acting or purporting to act as or on behalf of such government or Relevant Authority.

6.1.2 The liberties set out in clause 6.1.1 may be invoked by the Carrier for any purpose whatsoever and whether or not connected with the Services, included loading or unloading other goods, undergoing repairs, towing or being towed, adjusting instruments, drydocking and assisting vessels in all

situations. Any action taken by the Carrier under clause 6.1 shall be deemed to be included within the scope of the Services and such action or delay resulting therefrom shall not be deemed to be a deviation.

6.2. Consolidation

6.2.1 Carrier may stuff, pack, fill or load Goods in or on Containers and consolidate Goods owned by different persons.

6.2.2 Goods stuffed, packed, filled or loaded into one Container and consigned to one person will only be delivered in a Container to the Merchant if all bills of lading in respect to the contents of the Container have been surrendered authorising delivery to a single Merchant at a single place of delivery. The Carrier may at its option unpack the Container and in respect of Goods for which bills of lading have been surrendered, deliver them to the Merchant on a less than container load (LCL) basis against payment by the Merchant of Freight relating to the LCL Goods together with all costs incurred for any additional services rendered. Such delivery shall constitute full delivery hereunder.

6.3. Notification and delivery

6.3.1 Any mention herein of parties to be notified of the arrival of the Goods is solely for the benefit of the Carrier, and failure to give such notification shall not result in the Carrier incurring any liability nor shall it relieve the Merchant of any obligation under this bill of lading.

6.3.2 The Goods may be discharged, without notice, as soon as the Vessel is ready to unload, continuously day and night, Sundays and holidays included. If the Merchant fails to take delivery of the Goods immediately after the Vessel is ready to discharge them, the Carrier shall be at liberty to store the Goods, in a warehouse or in the open, at the risk and expense of the Merchant.

6.3.3 If the Goods are unclaimed within 7 days from discharge of the Goods from the Vessel, or whenever in the Carrier's judgment the Goods will deteriorate, decay, be damaged or incur charges, the Carrier may, at its discretion without further notice to the Merchant and without any responsibility attaching to it, sell, abandon or otherwise dispose of the Goods solely at the risk and expense of the Merchant and apply any proceeds of sale in reduction of the sums due to the Carrier by the Merchant.

6.4. Matters affecting the performance of the Services

6.4.1 If at any time the performance of the Services is or will be affected by any hindrance, risk, delay, difficulty or disadvantage of whatsoever kind (including the condition of the Goods or an Underlying Carrier becoming insolvent) which cannot be avoided by the exercise of reasonable effort, the Carrier may, without notice to the Merchant and whether or not the Services have commenced, elect to either:

(a) treat the performance of the Services as terminated and place the Goods at the Merchant's disposal at any place which the Carrier shall deem safe and convenient, whereupon delivery shall be deemed to have been made and the responsibility of the Carrier in respect of such Goods shall cease; or

(b) without prejudice to the Carrier's continuing right to abandon the Services under clause 6.4.1(a) continue with the carriage of the Goods to the place designated for delivery.

In any event the Carrier shall be entitled to full Freight for Goods received for Services and additional compensation for any extra costs resulting from the circumstances referred to above in clause 6.4.1.

7. CARRIER'S AGENT AND SUB-CONTRACTING

7.1. By accepting this bill of lading, the Merchant confirms and agrees that any Carrier's Agent acts as an agent only.

7.2. In addition to the liberties given to the Carrier under the other provisions of this bill of lading, it is agreed that the Carrier shall be entitled to sub-contract the whole or any part of the Services on any terms whatsoever.

7.3. The Merchant undertakes that no claim or allegation in respect of the Goods and/or Services whether arising in contract, bailment, tort or otherwise shall be made against any Carrier's Agent or Sub-contractor. If any claim or allegation should nevertheless be made against any Carrier's Agent or Sub-contractor, the Merchant agrees to indemnify and hold harmless the Carrier against all consequences thereof.

7.4. Without prejudice to the generality of clause 7.3, and other any rights, duties and defences hereunder, all Carrier's Agents and Sub-contractors, for whom Carrier contracts as agent and/or trustee to the extent of these provisions, shall be entitled to all defences, exemptions, immunities, limitations, liberties and rights of the Carrier, including the right to enforce any law and jurisdiction clause.

7.5. The Merchant further undertakes that no claim or allegation in respect of the Goods and/or Services shall be made against the Carrier by any person other than in accordance with the provisions of this bill of lading.

8. CARRIER'S LIABILITY

8.1. The Carrier's liability in respect of any loss of or damage to the Goods or delay in the performance of the Services shall be determined and limited in accordance with the provisions of this clause 8 unless:

8.1.1 in the case of US Carriage, an international convention or national law (including US COGSA) compulsory applies (**US Compulsory Legislation**), in which case the liability of the Carrier will be determined and limited in accordance with the provisions of such US Compulsory Legislation;

8.1.2 in the case of Non US Carriage an international convention or national law applies compulsory to any element of the Services (**Non US Compulsory Legislation**), in which case the liability of the Carrier in relation to that element of the Services will be determined and limited in accordance with the provisions of such Non US Compulsory Legislation;

8.1.3 and US Compulsory Legislation and Non US Compulsory Legislation are hereinafter referred to as **Compulsory Legislation**.

8.2. Liability for Goods lost or damaged where no Compulsory Legislation applies

8.2.1 The provisions of (i) Article 4(1) of the Hague Rules for Non US Carriage, and (ii) 28 USC 1304(1) of US COGSA for US Carriage, will apply to the carriage of Goods by sea or inland waterways.

8.2.2 The Carrier shall not be responsible for loss or damage arising or resulting from:

(a) subject to clause 8.2.4, any of the perils listed in (i) Article 4(2) of the Hague Rules for Non US Carriage and (ii) 28 USC 1304(2) of US COGSA for US Carriage;

(b) breach of any of the provisions of this bill of lading by the Merchant;

(c) handling, loading, stowage or unloading of the Goods by the Merchant or any person acting on behalf of the Merchant; and

(d) a nuclear incident if the operator of a nuclear installation or a person acting for it is liable for this damage under an applicable international Convention or national law governing liability in respect of nuclear energy.

8.2.3 When the Carrier establishes that the loss or damage could be attributed to one or more of the causes or events specified in clause 8.2.2(a) to 8.2.2(d), it shall be presumed that it was so caused. The Merchant shall, however, be entitled to prove that the loss or damage was not, in fact, caused wholly or partly by one or more of these causes or events.

8.2.4 The perils listed in (i) Articles 4.2(a), (c) and (l) of the Hague Rules for Non US Carriage and (ii) 28 USC 1304 (2) (a) (c) (l) of US COGSA for US Carriage will only apply to the carriage of Goods by sea or inland waterways.

8.2.5 **Non US Carriage** - For carriage which is between the Port of loading and the Port of discharge only, the Carrier shall have no responsibility for loss or damage to the Goods until they are loaded on board the Vessel and it shall cease to have any responsibility for any loss or damage to the Goods once they have been discharged from the Vessel.

8.3. Amount of compensation

If the Carrier is liable for loss of or damage to the Goods the liability of the Carrier shall be limited to the lesser of:

8.3.1 the arrived sound market value of only those Goods damaged or lost (excluding insurance); and

8.3.2 for Non US Carriage to which Compulsory Legislation applies, the amount set out in such Compulsory Legislation;

8.3.3 for Non US Carriage to which no Compulsory Legislation applies, 2SDRs per kilo;

8.3.4 for US Carriage, US\$500 per Package or per the freight unit billed for Goods not packaged.

8.4. Ad valorem

Where the Shipper has declared a value for the Goods and the Carrier has stated such value on the front of this bill of lading as a "declared value", and provided the Shipper has paid the extra freight, the amount of the declared value shall be substituted for the limits laid down in this bill of lading. Any partial loss or damage shall be adjusted pro rata on the basis of such declared value.

8.5. Cargo insurance

Where the Merchant has requested insurance for the Goods and the Carrier has agreed in writing to provide such insurance, the Carrier agrees to effect such insurance as agent for the Shipper and such insurance shall be subject to the exceptions and conditions of the policies of the insurers or underwriters taking the risk, copies of which are available on request. Subject to any Compulsory Legislation, the Carrier shall have no liability for loss or damage to the Goods where insurance has been effected under this clause.

8.6. Liability for delay

Arrival times are not guaranteed by the Carrier and the Carrier shall, under no circumstances, have any liability whatsoever for any loss or damage caused by delay. Without prejudice to the foregoing, if the Carrier is nevertheless found liable for loss or damage caused by delay, the

Carrier's liability in respect of the same shall be subject to the limit of liability contained in clause 8.7.3.

8.7. General liability provisions

8.7.1 Statutory protection

Nothing in this bill of lading shall operate to limit or deprive the Carrier of any statutory protection, defence, exception or limitation of liability authorised by any applicable laws, statutes or regulations of any country. The Carrier shall have the full benefit of the all laws, statutes or regulations as if it were the owner of any carrying Vessel.

8.7.2 Exclusion of certain losses

Subject to any Compulsory Legislation, the Carrier shall have no liability whatsoever for any loss of profit, loss of sales, loss of business, loss of goodwill or reputation or third party claims (in each case whether direct or indirect) or for any indirect or consequential loss.

8.7.3 Overall liability cap

Subject to any Compulsory Legislation, the Carrier's maximum aggregate liability for all events which occur under this bill of lading (other than loss or damage to Goods) will be limited to an amount equal to the Freight paid.

8.7.4 Notification of claims and time bar provisions

8.7.5 Subject to any Compulsory Legislation:

(a) the Carrier shall be deemed prima facie to have delivered the Goods undamaged and in full unless notice of loss of or damage to the Goods, indicating the general nature of such loss or damage, shall have been given in writing to the Carrier or to its representative at the place of delivery before or at the time of removal of the Goods into the custody of the person entitled to delivery thereof under this bill of lading or, if the loss or damage is not apparent, within three consecutive days thereafter;

(b) in any event the Carrier shall be discharged of all liability under this bill of lading unless suit is brought within 9 months after the delivery of the Goods or the date when the Goods should have been delivered.

8.7.6 Application of defences, limits and exclusions of liability

The defences, limits and exclusions of liability provided for in this bill of lading shall apply in any action against the Carrier arising out in connection with this bill of lading (including loss or damage to Goods and delay) and whether the action be founded in contract, bailment, tort, breach of express or implied warranty or otherwise and even if the loss, damage or delay arose as a result of unseaworthiness, negligence, wilful misconduct or fundamental breach of contract.

8.7.7 Entire liability

Save as set out in clause 8 the Carrier shall not be liable for loss of or damage to any Goods or delay howsoever arising (whether caused by negligence or otherwise).

9. INDEMNITY

9.1. The Merchant shall promptly indemnify the Carrier, the Sub-contractors, the Carrier's Agents or any member of the Carrier Group, their respective employees, servants, agents, insurers or reinsurers against all costs (including the costs of investigating and defending any claims), expenses, claims, losses, liabilities, orders, awards, fines, proceedings

and judgments of whatsoever nature howsoever assumed, incurred or suffered as a result of or in connection with any of the following:

9.1.1 any breach by the Merchant of any of the warranties or undertakings given or obligations undertaken by the Merchant under this bill of lading;

9.1.2 any breach by the Merchant of any of the provisions of clauses 4 or 5.2.2;

9.1.3 any cause arising from or with respect to the Goods for which the Carrier is not responsible for;

9.1.4 the Carrier becoming liable to any other party (including to a Relevant Authority) and/or incurring additional costs by reason of the Carrier carrying out the Merchant's instructions;

9.1.5 the Carrier incurring liability in excess of its liability under the provisions of this bill of lading regardless of whether such liability arises from, or in connection with a breach of contract, negligence or breach of duty by the Carrier, its agents, servants or Sub-contractors.;

9.1.6 delayed, inaccurate or incomplete verified gross mass information provided by or on behalf of the Merchant under clause 5.3.1 on which the Carrier relies.

10. GENERAL AVERAGE

10.1. The Carrier may declare General Average which shall be adjustable at any place at the option of the Carrier, in respect of all Goods, whether carried on or under deck. The New Jason Clause as approved by BIMCO current as of the date of the bill of lading is incorporated herein.

10.2. Notwithstanding clause 10.1 above, the Merchant shall defend, indemnify and hold harmless the Carrier in respect of any claim (and any expense arising therefrom) of General Average nature which may be made on the Carrier and shall provide such security as may be required by the vessel owner or the Carrier to cover the estimated contribution of the Goods and any salvage and special or particular charges thereon. Such security shall if required be submitted to the vessel owner prior to delivery of the Goods.

10.3. The Carrier shall be under no obligation to take any steps whatsoever to collect security for General Average contributions due to the Merchant.

11. BOTH-TO-BLAME COLLISION

If a Vessel on which the Goods are being carried collides with another ship as the result of (i) the negligence of that other ship, and (ii) any act, neglect or default of the master, mariner, pilot of the Vessel (or other servant of the owner or operator of the Vessel) in the navigation or management of the Vessel, and the Merchant recovers payment for loss of or damage to the Goods from the other ship, and the other ship obtains from the Carrier (or its Sub-contractor) a contribution towards the payment it made to the Merchant, then the Merchant will reimburse the Carrier in respect of that contribution and shall indemnify the Carrier for any other loss, liability or expenses incurred by the Carrier (or the Sub-contractor) to the other ship whatsoever arising out of the other ship's claim for contribution.

12. FREIGHT AND CHARGES

12.1. Freight shall be deemed earned on receipt of the Goods by the Carrier and shall be paid and non-returnable in any event, ship lost or not.

12.2. The Freight has been calculated on the basis of particulars furnished by or on behalf of the Merchant. If the particulars furnished by or on behalf of the Merchant are incorrect, it is agreed that a sum equal either to (i) five times the difference between the correct Freight and the Freight charged or (ii) double the correct freight less the freight charged, whichever sum is the smaller, shall be payable as liquidated damages to the Carrier notwithstanding any other sum having been stated on this bill of lading as the Freight payable.

12.3. The Merchant shall reimburse the Carrier in proportion to the amount of freight for any costs for deviation or delay or any other increase of costs of whatever nature caused by war, warlike operations, epidemics, strikes, government directions or any event beyond the control of the Carrier.

12.4. All sums payable to the Carrier are due on demand. All Freight shall be paid by the Merchant to the Carrier or any member of the Carrier Group or Carrier's Agents without any set-off, counterclaim (unless the counterclaim is not in dispute or confirmed by final court decision), deduction or stay of execution at the latest before delivery of the Goods, unless expressly agreed otherwise in writing.

12.5. If the Merchant fails to pay the Freight when due, the Merchant shall pay to the Carrier interest on such sum at 8% over the Bank of England's official Bank Rate from time to time from the due date until payment (whether before or after judgment), such interest to accrue on a daily basis provided that this right shall not prejudice any other right or remedy in respect of any such sum.

12.6. Despite the acceptance by the Carrier of instructions to collect Freight, duties, fees, demurrage, detention and costs and expenses from the shipper, consignee or any other person, then in the absence of any evidence of payment for whatever reason by such shipper, consignee or person when due, the Merchant shall remain responsible for the payment of such duties, fees, demurrage, detention and costs and expenses.

13. LIEN

13.1. The Carrier shall have a general lien on the Goods and any documents relating thereto, funds held and any other goods in respect of which the Carrier is providing services to the Merchant (Other Goods) and any documents relating thereto for all sums whatsoever due at any time to the Carrier under this bill of lading, or otherwise, and for General Average contributions to whomsoever due.

13.2. The Carrier shall also have a general lien against the Merchant on the Goods and any documents relating thereto, funds held and Other Goods and any documents relating thereto for all sums due from the Merchant to the Carrier's Agents and/or any member of the Carrier Group under any other contract.

13.3. The Carrier may exercise its lien at any time and at any place in its sole discretion, whether the Services are completed or not with or without further notice. In any event any lien shall (a) survive the delivery of the Goods and/or the Other Goods and (b) extend to cover the cost of enforcing its lien and recovering any sums due.

13.4. To enforce and satisfy the Carrier's lien, the Carrier shall have the right, at the Merchant's expense, to sell the aforementioned Goods, Other

Goods and documents by public auction or private treaty, without notice to the Merchant and without any liability towards the Merchant.

14. LAW AND JURISDICTION

14.1. **Non US Carriage** - The contract evidenced by or contained in this bill of lading or otherwise arising from the Services or in relation to the Goods shall be governed by and construed in accordance with the laws of England. Any claim against the Carrier under this bill of lading or otherwise arising from the Services or in relation to the Goods shall be determined exclusively by the courts of England to which jurisdiction the Merchant hereby irrevocably submits. The Merchant agrees that it shall not institute legal proceedings in any other court and shall indemnify the Carrier for all legal costs and expenses incurred by the Carrier to stay or remove a suit files in another forum. The Carrier shall be entitled to bring any legal proceedings against Merchant in the courts of England or in any other jurisdiction (including jurisdiction(s) where Merchant has a place of business or assets) and legal proceedings by the Carrier in any one or more jurisdictions shall not preclude legal proceedings by it in any other jurisdiction, whether concurrent or not.

14.2. **US Carriage** - The contract evidenced by or contained in this bill of lading or otherwise arising from the Carriage or in relation to the Goods shall be governed by and construed in accordance with the laws of the United States of America and particularly 28 USC Section 1300 et seq. of US COGSA. Any claim against the Carrier under this bill of lading or otherwise arising from or in relation to the Services or the Goods shall be determined exclusively by the United States District Court for the Southern District of New York to whose jurisdiction the Merchant irrevocably submits. The Merchant agrees that it shall not institute legal proceedings in any other court and shall indemnify the Carrier for all legal costs and expenses incurred by the Carrier to transfer or to remove a suit filed in another forum.

15. CONFLICT AND ENFORCEABILITY

Except where expressly agreed otherwise in writing, this bill of lading shall, in so far as it is inconsistent with the terms of any contractual arrangement the Carrier, or any member of the Carrier Group, and the Merchant may have entered into, be paramount and govern the Services. If any provision of this bill of lading is held unenforceable, that provision shall, to the extent required, be deemed not to form part of this bill of lading and shall not affect the enforceability of all other terms hereof which shall be enforced to their fullest extent to the limits imposed by law.

16. VARIATION OF THE CONTRACT AND PARTIAL INVALIDITY

16.1. No servant or agent of the Carrier shall have power to waive or vary any term of this bill of lading unless such waiver or variation is in writing and is specifically authorized or ratified in writing by the Carrier.

16.2. If any provision in this bill of lading is held to be invalid or unenforceable such invalidity or unenforceability shall attach only to such provision. The validity of the remaining provisions shall not be affected thereby and this bill of lading contract shall be carried out as if such invalid or unenforceable provision were not contained herein.

17. THIRD PARTY ACT

Where clause 14.1 applies, the Sub-contractors shall have the benefit of clause 2.4 and all the liability provisions, warranties, indemnities, limitations and exclusions of liability contained in this bill of lading and which benefit the Carrier and shall have the right to enforce the provisions of this bill of lading in accordance with the provisions of the Contracts (Rights of Third Parties) Act 1999. Except as stated in this clause, ~~any person who is not either the Carrier or the Merchant~~ may not enforce, or otherwise have the benefit of, any provision of this bill of lading.

RULE 9 and 10 - [RESERVED]

RULE 11 - MINIMUM QUANTITY RATES

When 2 (two) or more Rates are named within a single NRA OR NSA governed by this Tariff for the same route and under similar conditions, and the application is dependent upon the quantity of the commodity shipped, the total freight charges assessed against the shipment may not exceed the total charges computed for a larger quantity. At the Shipper's option, a quantity less than the minimum level may be freighted at the lower rate in the NRA OR NSA governed by this Tariff if the weight or measurement declared for rating purposes is increased to the minimum level.

RULE 12 - AD VALOREM PROVISIONS

All shipments moving pursuant to and rated under the rules and regulations named in this Tariff, and the rates and charges named in NRAs or NSAs governed by this Tariff, are predicated on Carrier's liability NOT exceeding the limits specified in the Carrier's regular B/L (see Rule 8) and/or the provisions named herein.

Neither any oral declaration, nor any statement of value for governmental or Customs purposes, nor presentation of invoices for use in foreign Customs, nor collection of C.O.D. amounts or other purposes, nor the declaration of value for insurance, nor instructions to the Carrier to insure, shall be deemed a "declaration of value" as provided in paragraphs a. and b. above which could increase Carrier's stipulated liability, nor shall any such

offering supplement or amend in any way the liability of the Carrier for the cargo at the time of shipment, on which charges for transportation services are based.

- d. Regardless of the value declared by the Shipper, Carrier's liability will NOT exceed the actual value of the cargo or the actual damages sustained when less.
- e. Where rates or charges are specified in this Tariff as applying on an Ad Valorem Basis, the value used in assessing freight charges shall be the invoice value shown on the Shipping Documents and B/L.
